VOTE NOV 3

I'm Jim Roos and I am running for PVE City Council

Local
Postal Customer

I SUPPORT

- Keeping our PVE Police Department as the best way to secure our safety and maintain local control
- Community policing to promote a culture of service, safety, and respect for civil rights
- Balanced budgets that account for the full cost of employee pensions and work towards paying down our unfunded pension liability
- Faithful application of our Neighborhood Compatibility Ordinance to preserve views and privacy
- Protecting our Parklands and the legacy of our City founders

I OPPOSE

- Eliminating our PVE Police Department and contracting with an outside agency that would hold our city hostage to ever increasing costs
- Participation in any CalPERS program that would reduce our flexibility or imperil our City's cash flow
- New taxes directed at addressing the City's pension UAL without regard to market conditions
- Forced densification mandates that will change the character of our neighborhoods and increase traffic and fire risk
- Any attempt to sell Parklands
